Sounds like we need to discuss the inventory. What are your thoughts regarding an agreement? I'll check in with our Regional Counsel, too.

Subject: CAFO Inventory

Per the requirements of the "FFY 2013 Illinois Program Work Plan – Water Programs", NPDES Compliance Monitoring and Enforcement for CAFOs, the Illinois EPA has compiled the requested inventory information and do intend to transmit after consultation with Region 5 and an agreement on the preservation of the information for these non-permitted facilities.
